

REGENCY NSF CHROME

Dunnage Rack Kits

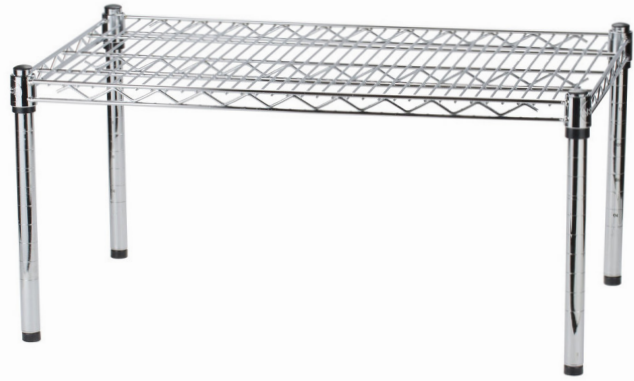

These chrome wire standard duty dunnage rack kits are NSF Listed for use only in dry storage and heated environments. The wire shelf and the other components are made of a durable, chrome plated metal, with a clear epoxy coating. These Regency chrome-plated dunnage racks have a maximum capacity of 600 pounds. This low-profile platform rack makes it easy to store large or bulky items off the floor without compromising shelf space.
