Commercial Products

Preserve food quality – and your reputation – with Rubbermaid® CaterMax™ Insulated Carriers.

When hot or cold foods aren't kept at safe temperatures, quality and freshness are quickly lost while the potential risk of harmful bacteria growth rapidly increases. Your catering operation cannot afford to stake its reputation on unreliable food transport equipment.

Rubbermaid® CaterMax™ Insulated Carriers can help preserve the quality of your operation. Featuring innovative thermal insulation and lid-sealing designs, these durable and attractive pan carriers keep hot foods hot and cold foods cold for hours. They're easy to handle and efficient to stack and store. Plus, they're an attractive value compared to other conventional food pan carriers.

Rubber seals used with conventional pan carriers are easily lost and can tear, diminishing thermal performance. If not kept at appropriate temperatures, food quality may decline and harmful bacteria could thrive.

Common metal hardware can be awkward to use and broken hardware may injure fingers.

Institutional look of conventional pan carriers makes a poor impression in most settings.

Advanced sealing system.

Specially designed serpentine seal helps retain temperature without using unreliable gaskets that can wear out and harbor harmful bacteria.

Systematic food transport and storage.

Rubbermaid® CaterMax™ Insulated Carriers work systematically with Rubbermaid® Max System™ Racks, Carts and Rubbermaid® X-tra™ Food Pans and Soft Sealing Lids.

Upscale design.

Stylized design reflects a fresh, professional appearance in any catering situation. Highly durable structural-web plastic resists marks, dents and scratches; all-smooth surfaces are easy to clean.

Easy, reliable hardware.

Rubbermaid® CaterMax™ Insulated Carriers feature durable plastic hardware that's easy to latch and carry.

Rubbermaid® CaterMax™ Insulated Carrier System

CaterMax™ Insulated Carriers

Item No.	Description	Dimensions	Capacity	Color	Pack
9406	CaterMax™ 25 Insulated Carrier accommodates 1/1, 1/2 and 1/3 Food Pans	29-1/2" l x 19" w x 10-5/8" h 74.9 cm x 48.3 cm x 27 cm	Single Pan Carrier 23 U.S. qt (21.8 L)	Black, Platinum	1
