

# Induction Ready, Stainless Steel, Aluminum-Clad **FRY PAN**

## Features & Benefits

### 20 to 22 Gauge Stainless Steel

Extremely durable and scratch-resistant  
Resists rust and corrosion

### Strong, Durable Handles

Welded-on handles ensures longevity and a secure connection to the vessel

### Aluminum-Clad Bottom

Provides superior heat distribution and extra strength

### Easy to Clean

With its nonreactive stainless steel interior and smooth surface, this fry pan is easy to clean, won't discolor, and will not interfere with the chemical composition of your foods.

### One Year Warranty

Protects against defects in materials and workmanship  
See Vigor Warranty policy

Oven, Freezer & Dishwasher Safe
